

Welcome to Mälardalen University, MDU!

We are delighted that you have chosen to study at MDU this autumn! As your Programme Responsible, I am looking forward to getting to know you.

My name is Ludvig af Klinteberg and I am the Programme Responsible for the Master's Programme in Engineering Mathematics. For you to have a great start at the University, I wish to share with you some important information about the programme and whom you can contact if you have any questions.

Here you can read about the following:

- Start of programme and courses during the first semester
- Checklist ahead of starting
- Student life and The Welcoming
- Contact details for questions

Master's Programme in Engineering Mathematics

The programme start is on the first day of the semester, Monday 2024-09-02 between 11:15 and 12:00 in room R2-025 at the Västerås campus. There you will learn more about the semester to come, and be able to meet your study counsellor, program coordinator and program responsible (see below).

Courses in the first semester

During the first semester, you will take the following courses:

- [MAA516 Multivariate Statistical Analysis](#)
- [MAA323 Fourier Analysis](#)
- [MAA704 Applied Matrix Analysis](#)
- [MMA500 Discrete Mathematics, a Second Course](#)

Literature

You can find the content of the course and required reading by clicking the links above or searching with the course code on [Find your programme syllabus and course syllabus](#).

Timetables

You can find the timetable for your courses by searching with the course code on [Schedules and Academic calendar](#).

Checklist ahead of starting

For new students, there are a few things that you need to do before you start enjoying your student life with us. On the website [New student](#) you will find information in a concise checklist.

Student website

On the [student website](#), you will find the information you need as an MDU student. Here you will find some handy tips and good advice on study techniques and scheduling which can be worth a read.

The Welcoming

We at MDU would like you to feel really welcome at MDU! Therefore, we are arranging an event called [The Welcoming](#), on Friday, 30 August between 13:00 and 16:00. This year we will all meet at MDU in Eskilstuna. For those travelling from Västerås there is a free bus.

The programme and student associations will be there and will help you to find your particular student association. Without giving away too many details we just want to say: Do not miss this event!

The Rookie Period

The Rookie period takes place during the first few weeks of your studies, and it is going to be jam-packed with many fun activities. It will be arranged by Mälardalen Student Union together with the programme and student associations at the University. The aim is for you to get to know your fellow students and quickly get a feeling of belonging.

[Here is some information](#) about the Mälardalen Student Union and which programme association your programme belongs to.
