

Welcome to Mälardalen University, MDU!

We are delighted that you have chosen to study at MDU this autumn! As your Programme Coordinator, I am looking forward to getting to know you.

My name is **Bozena Guziana** and I am a Programme Coordinator on the **Master's Programme in Environmental Engineering for Sustainable Development, EESD Programme**. So that you will have a great start at the University, I wish to share with you some important information about the programme and whom you can contact if you have any questions.

Here you can read about the following:

- Start of programme and courses during the first semester
- Checklist ahead of starting
- Student life and The Welcoming
- Contact details for questions

Master's Programme in Environmental Engineering for Sustainable Development (EESD)

Brief information about the programme

This programme is one of the first international online Master's programmes in Environmental Engineering in Europe. It will enhance your knowledge about environmental challenges, including how to address environmental issues while contributing to sustainable development. We strive to develop state-of-the-art knowledge, models, and processes that form the core of the environmental engineering discipline. Our goal is to contribute to sustainable solutions for these problems by equipping you, the next generation of environmental leaders, with the knowledge you will need to succeed

Programme introduction via zoom

The programme introduction is scheduled for **Monday 2nd September 2024 from 9:15-11:00 (CEST)**.

Zoom link: <https://mdu-se.zoom.us/j/62948610452>

Password: 629 4861 0452

Log in 15 minutes before we start - i.e. at 9:00 - to check that your microphone and camera are working.

Attendance is strongly recommended since, during the introduction session, we will look at the programme content and structure and answer any questions you might have.

Programme and course registration

It is essential to register to the programme before the deadline. To do so, you must register for the course(s) on the programme, then you will automatically be registered on the programme and the place is yours. Please see the deadline for registration and further information at the website *New student / Starting your studies* (<https://www.mdu.se/international/new-student>). If you already have a Swedish personal ID number, you can follow steps listed in *Starting your studies*. If you don't have a Swedish Personal ID you find the information what to do in the description of the first step *1. Create your student account*.

Internal programme page

When your registration is completed you will receive access to the internal programme page *AMM13 Master's Programme in Environmental Engineering for Sustainable Development* in learning management system Canvas where all the information about the organisation of the programme is placed and regularly updated (<https://mdh.instructure.com/courses/6964>). The Canvas page is used for communication with all EESD programme students regardless of the year you are in. *AMM13* is the code for the programme.

Public programme page

You are kindly invited to the public Canvas programme page (<https://mdh.instructure.com/courses/6005>) to familiarize yourself with the environment.

Courses in the first semester

During the first semester, you will take the following courses:

- [MTK347](#) *Climate change and energy: past, present and future*
- [MAA041](#) *Applied mathematics for environmental engineers*

Literature

You can find the content of the course and required reading by searching with the course code on [Find your programme syllabus and course syllabus](#).

For the courses during the first semester you can use links above.

Checklist ahead of starting

For new students, there are a few things that you need to do before you start enjoying your student life with us. On the website [New Student](#) you will find information in a concise checklist.

Timetables

You can find the timetable for your course by searching with the course code on [Timetable and Academic calendar](#).

Student website

On [the student website](#), you will find the information you need as an MDU student. Here you will find some handy tips and good advice on study techniques and scheduling which can be worth a read.

The Welcoming

We at MDU would like you to feel really welcome at MDU! Therefore we are arranging an event called [The Welcoming](#), on Friday, 30 August between 13:00 and 16:00. This year we will all meet at MDU in Eskilstuna. For those travelling from Västerås there is a free bus.

The programme and student associations will be there and will help you to find your particular association. Without giving away too many details we just want to say, don't miss this event!

The Rookie period

The Rookie period takes place during the first few weeks of your studies and it's going to be jam-packed with many fun activities. It will be arranged by Mälardalen Student Union together with the programme and student associations at the University. The aim is for you to get to know your fellow students and quickly get a feeling of belonging.

[Here is some information](#) about the Mälardalen Student Union and which programme association your programme belongs to.

Any questions?

If you have any questions about your studies you are welcome to contact

Study counsellor: [Lena Roos](#)

Email: lena.roos@mdu.se, Telephone: 016-15 36 54

Programme Coordinator: Bozena Guziana,

Email: Bozena.guziana@mdu.se, Telephone: 021-15 17 06

We look forward to meeting you!

Kind regards
